3. The website was upgraded: We now have a documents section of selected. Some are on the website for members to download, others can be sent to you by demand.
If you wish to consult other members about the search of articles on specific Rorschach domain you can raise questions on our members' forum ("general issues" section).
4. Members who organize workshops or seminars on Rorschach CS around the world are welcome to send us the flyer and we will put it on the site.

Please use an email address in which we can recognize your surname, since we need to approve your request.

- c. After the first registration you can enter the forum with the Login option.
- d. You can choose the level of notifications you want to receive to your mail. Basically, you will receive mail notifications only when someone writes a reply on a post you wrote. If you want to receive mail notifications about posts that are written in one or both categories, you should choose the option "follow category" that appear on the three points on the right of the category name. If you follow this option, you will receive notifications about new posts that are written, but not when replies are added to the posts. If you want to follow just one of the posts or to follow more thoroughly one of the posts (including notifications about the replies), choose the "follow the post" option that appears on the three points on the right of the specific post you want to choose.

The Executive Board of CSIRA/ARISI wishes you all the best for 2020.
